## Personal Profile:

Second year undergraduate studying Computing at Coventry University. Incredibly interested and inspired by the rapidly changing world of technology that we live in today, and I strive to develop and discover the future technical enhancements that have yet to have been created. My future ambitions are to gain as much experience and practical skills as possible to work in the computer science industry. Main skills are; organization, communication, teamwork, time-management and creativity.

---

## Technical Skills:

- |          |                      |                           |
|----------|----------------------|---------------------------|
| ❖ Python | ❖ Microsoft Packages | ❖ SQL+                    |
| ❖ C++    | ❖ GitHub             | ❖ Visual Studio           |
| ❖ C#     | ❖ HTML/CSS           | ❖ Full UK Driving License |
